

# Sociology 12

Virtual Curriculum Night

Hi families, my name is Alia Guimond. I will be your students' Sociology 12 teacher this term. I am very excited to be able to teach Sociology this year and I cannot wait to dive into some discussion of various social issues and their roots and connections to our society 😊

As you know our classes are longer this year than in the past but for a class like this it is often a benefit as we can complete more than one thing in class. We often have notes, videos and activities all within our one block a day, and it also offers lots of opportunity for discussion.

# Why Mi'kmaw Studies?

- ▶ Sociology 12 is designed to introduce students to the scientific study of human society and interaction.

**\*Please note\*** The website above is used to post **everything!**  
Notes, handouts, assignments etc.

If a student misses anything at all they can find it there.

If by chance we move to online learning I will most likely transition to using Google classroom explicitly, but if that occurs I will email home. It is important you make sure your email address is up to date within our school system. If you are unsure it is up to date please contact the main office

# Homework and extra help

- ▶ **Homework** is an important tool in the learning process. Students must take responsibility for their learning by completing all assigned homework to ensure success in the course.
- ▶ **Extra Help:** Extra help is always available upon request, provided that the student is doing their part by attending class regularly, using class time wisely and completing assigned homework.

# Missed time or late assessments

- ▶ Homework/assignments, due dates and test dates will be posted on our class website within the daily lesson files.
- ▶ Class notes will be posted on a daily basis. If you are missing from class it is an expectation that you will print off the notes, review the material covered in class and complete the work assigned.

\*If the student needs assistance printing off missed material or need an extension on their work it is the student's responsibility to approach me to ask for an extension or alternate arrangement
