Power School: Accounts can be used to check grades and attendance.

**Course Overview:**

**Sociology 12**-Sociology 12 is designed to introduce students to the scientific study of human society and interaction. The course is built around five units that provide a broad overview of the field of study:

**Unit Outcomes:**

<b>Unit 1: Sociology: A Social Science</b>	<b>20%</b>
<b>Unit 2: Culture: A Shared Human Experience</b>	<b>20%</b>
<b>Unit 3 Socialization: The Shaping of Human Behaviour</b>	<b>20%</b>
<b>Unit 4 Social Organization: Living Together as Humans</b>	<b>20%</b>
<b>Unit 5 Social Control: Deviant and Conformist Behaviour</b>	<b>20%</b>

**Final Mark:** Semester: 80% Exam: 20%

**Assessment and Evaluation:** Both teachers and students learn from assessments. The teacher learns what further instruction a student needs; the student learns their strengths, their challenges and what must be done to improve.

Assessment tools may include, but are not limited to, presentations, projects, partner (may look a little different this year) activities, class discussions, self-assessments, written assignments, and tests.

Students will be provided with ample time in class to complete all assignments. As per the HRCE Student Assessment and Evaluation Policy, it will be at the discretion of the teacher to accept any unsubmitted assignments (due to not using provided time effectively for example).

**Late Assessments:**

Students are responsible for completing assignments by specified due dates so that teachers can provide timely feedback. A due date is given for each assignment. If the student does not hand in the assignment on the due date, the student may consult with the teacher regarding a possible alternate due date. This must be done in a timely manner. If the alternate due date is granted but not met, the student will have missed the opportunity to demonstrate achievement towards the outcomes and the student's grade may be affected. It is always the teachers prerogative to take work if they so choose, even if this process has not been followed.

**Supplies:**

Binder, loose leaf, pencils, eraser, ruler, pen, colored pencils or markers.

**Extra Help:**

Extra help is always available upon request, provided that the student is doing their part by attending class regularly, using class time wisely and completing assigned homework.

**Web Page:**

Homework, assignments, due dates and helpful links will be posted on our class website. Class notes will be posted on a daily basis. If you are missing from class it is an expectation that you will print off the notes, review the material covered in class and complete the work assigned.

**Missed Work During Absences:**

If a student misses one or more classes due to illness, travel, sports, extracurricular activities, etc., the following process will be followed:

1. The student is responsible to find out what work was missed. ***Please check the web page.***
2. The student is responsible for obtaining notes for missed classes and completing all work that was done on the day(s) missed. ***Please check the web page.***
3. If an assignment was due, or a test/quiz was to be written on the day of the absence, the student will hand in the assignment or write the test/quiz on the first day back to school, provided that the missed day was an excused absence.
4. If an assignment was given on the day of the absence, the student should contact the teacher to determine the deadline for handing in the missed assignment.

**Good luck in the course and remember to stay on top of your work and seek help early if you encounter difficulties!**
